

PARKLAND HOCKEY GROUP

Craig Kibblewhite and Jason Fischer
Parkland Hockey Group Directors

We provide hockey instruction / power skating programs to male and female players in Northern Alberta.

We take pride in our smaller class sizes, our quality instructors, our excellent blend of power skating component and hockey skill development. We will optimize your child's ability and ensure they are ready for their fall try-outs.

Parkland Hockey Group student to teacher ratio on ice sessions will be 5:1. Groups will NOT consist of more than 22 players at a time.
